Our Mission

Green Valley Aromatherapy promotes an holistic alternative to standard health care and specializes in supplying 100% pure essential oils imported from around the world for our clients. We consistently maintain the highest standards in quality and purity of aromatherapy oils, as well as offer top quality aromatherapy products which are all natural, environmentally friendly and not tested on animals.

Carrier Oils, Raw Materials, Creams & Butters

Carrier oils and bases are important to the practice of aromatherapy and to the soap making industry.

Essential oils must be combined with a carrier oil or base to be used safely on the skin.

Care must be taken with people who have nut allergies. Please visit www.57aromas.com for more information about the products on this page.

Aromatherapy Diffusers & Accessories

Essential oil diffusers are an important part of aromatherapy. Essential oils work well when diffused around a room, releasing particles of oil into the air to destroy air-borne bacteria, freshen the air and create a healthier environment. Many people like to have an aromatherapy diffuser on while they are working or relaxing.

Aromatherapy Essentials

Aromatherapy Essentials is Green Valley Aromatherapy's own quick reference guide and is great for the budding aromatherapy enthusiast. This book includes information about the essential oils, blends, carrier oils and hydrosols that we carry. For each essential oil we include a list of properties, aromatherapy uses, ways to use and specific cautions. Bound in a spiral notebook format, this book is a must have for anyone wanting their aromatherapy information to go!

Aromatherapy Cautions

Pure essential oils are a representation of nature in one of its most powerful forms. Harnessed, essential oils offer a world of possibilities to the knowledgeable user, but along with these possibilities comes a great responsibility. This is educational information and any opinions expressed here do not replace professional medical advice. If you are ill, see a suitably qualified medical practitioner.

Always use the best quality essential oils, purchased from a reputable company. Do not apply essential oils directly to the skin, with the exception of Tea Tree and Lavender (still use caution). Do not use the same essential oil exclusively over a long period of time. You can become sensitive to the oil. Always blend essential oils in a well-ventilated room. Do not take essential oils internally.

Keep essential oils away and out of reach of children. Keep essential oils away from eyes. When adding essential oils to the bath, first mix with a carrier oil, then drip it directly under running water to avoid high concentration and skin sensitivity. Essential oils are flammable and should not be stored by any open flame.

Disclaimer

Aromatherapy is a gentle but powerful healing art that uses essential oils in a way that can positively affect our physical, emotional, mental and spiritual health. As fully trained Aromatherapists, we are bound by law to state that we cannot treat cancer or other life-threatening or debilitating illnesses. We can offer comfort and support aides that are compatible with medical treatments that may help alleviate symptoms and improve overall quality of life. As we practice traditional aromatherapy, we cannot advise people to ingest essential oils. Essential oils are very concentrated essences and ingestion of them can be harmful.

Mastercard, Visa and American Express credit cards are accepted. Other forms of payment such as Paypal, Email Money Transfer, Personal Cheques and Money Orders are possible. Please inquire.

Taxes

There are no taxes applied to US and international destination orders. Parcels destined for delivery in Ontario, New Brunswick, Newfoundland and Labrador, and Nova Scotia are charged HST. In the rest of Canada orders are charged 5% GST. BC customers will be charged PST as well.

Shipping and Handling

We offer flat rate shipping of \$15 for the USA, \$10 for British Columbia and \$12 for the rest of Canada. All regular parcels are sent by Canada Post Expedited. Xpresspost shipping rates are based on a combination of destination and weight (the greater of volumetric or actual weight). Any refused shipment will incur a 25% restocking fee plus return shipping and brokerage charges. Shipping charges are non-refundable.

Products

Natural products may smell, feel and look different from batch to batch due to a variety of environmental factors. These variations do not affect the value or efficacy of the product.

Returns and Refunds

All orders should be checked carefully upon receipt and any problems reported to Green Valley Aromatherapy within 48 hours of receipt of shipment. Returns are not accepted without prior authorization - please call or email Green Valley for a RA#. Any order returned without an RA# will be refused. Returns will not be authorized for any products after 30 days from the date of receipt. All returned items must be in sellable condition (product seals must be intact). Returned items are subject to a 25% restocking fee. The customer must indicate on all postal and customs documentation "return to manufacturer" or they will be responsible for any brokerage fees incurred.

Should you receive goods damaged in transit, carefully determine the extent of the damage, photograph and keep all packaging materials and box. Notify Green Valley and the shipping carrier immediately. You must retain the original packing materials (or photos) until the claim is resolved.
